

Customer Success Story

Fast, efficient and reliable document
generation directly from Salesforce

[▶ aveneer.forvendi.com](https://aveneer.forvendi.com)

Education First creates over 1 million documents every year with speed and accuracy using Aveneer.

With Aveneer, we are able to generate documents in bulk in express speed."

Anuj Kapoor, Sr Project Director at Education First

Customer Profile

EF Education First is an international education company that specializes in language training, educational travel, academic degree programs, and cultural exchange.

Challenge

- Legacy document generation solutions could not meet the necessary performance requirements.
- Required the ability to handle substantial document generation demands efficiently.
- With offices in 250 cities across 60 countries, the system required multilingual document generation capabilities.

Aveneer Value

- Successfully manages higher document volumes in less time, keeping operations smooth for a growing global business.
- Capable of generating up to 1,000 documents per click, handling up to 100,000 documents monthly.
- Creates both digital and physical customized documents in multiple languages.
